

BLACKBOARD JUMBLE

Vol. I

SOUTHERN SIBERIA, APRIL 1, 1956

No. 2114869321475210

Roberts, Barber Tangle In Bout

A knock down, drag out fight occurred in the lobby yesterday between Mr. O. D. 'Slick' Roberts and Billy "Muscle Man" Barber.

It all began because, as Slick put it, "Billy was bullying me so I hit him." When asked by this reporter why he was picking on O. D., Barber, who tips the scales at 97 pounds said, "I've wanted to prove that I was a big man for a long time, and now I've done it."

Roberts wheezed and puffed through three rounds before falling completely exhausted on the hard tile floor of the lobby.

Although the battle was impromptu, Mrs. Marie "Money grabber" Pilcher arrived on the scene and roped off the area. Hurrying into the auditorium she ripped the curtains off the windows and closed off the fight scene. Next she rushed into the office screaming "Ring the bell!!!!" After securing a desk from the office she began collecting admission from students who came from as far away as room 323.

Proceeds from the fight totaled \$326.42. Because of the time element, the fight ended before lunch and with the police and the gentlemen from Culley's hauling both bloody faculty members away to the hospital. Peace returned once more to the school.

Visitors will be received at Tallahassee Memorial Hospital between 7:00 and 7:03 p.m. Both of the belligerents are in room 201—for purposes of saving money.

Senior Class Plans Day at Miami Beach

Mrs. Ida Myrick has just announced that this year's Senior Day will be held on the sunny shores of Miami Beach, on Friday, May 18. In order to get there in time for a full day's enjoyment, the whole Senior class will leave Leon High at 8:15 Thursday morning.

The president of the Senior class, Harris Parkman, is making arrangements for the three top floors of the Fontainebleu to be reserved for Thursday night to accommodate the class. The fourth floor is to be left vacant so that there will be no disturbances during the night.

After an enjoyable time at the beaches of Miami, and perhaps a tour of the banks, the class will rest up for a tour of all the night clubs planned for that night. The tour will last until 5 o'clock Saturday morning.

The students can do what they like the rest of the week-end, having the choice of staying down there until Sunday, or going home in a chaperoned car, Saturday morning. (Only one car has been provided for this trip to Tallahassee on Saturday, because the sponsors of the Senior class know better.)

Johnston Goes Berserk, Kills Entire Paper Staff

After a rough day in first period Creative Writing class and a normal day of blood curdling screams of "May I go sell ads?" and "Who are the Top-Flight Leonites, this time?" Mrs. Eunice Johnston, long-time adviser of the High Life went berserk and killed the entire High Life staff.

The business staff she lined against the blackboard and with a Tommygun kept in her desk drawer, she proceeded to fill them with holes. Leaving the bloody mess and moans of agony behind, she marched the editorial staff down to the crematorium chamber back of the auditorium stage. With the craftiness of Edgar Allan Poe's character she returned to chamber 221 and tore the tile from the floor only to discover the bones of last year's staff still there. We will now have a moment of silence for Suzie, Fred, and their pals.

Meanwhile, Mrs. J. was thinking of another plan. She quartered each of the business staff, loaded them into her black and white meat wagon, and took them down to the meat-market where she had the remains ground into hamburger meat. Her deep freeze now has enough meat to keep her supplied until next year's staff's time comes. We would also like to add this note, the next issue of the paper will be taken over by the Junior staff—a bunch Mrs. J. promises to be "tasty."

G. Kelley Stabs Appleyard; R. Stevens Now Custodian

King Hospitalized Following Drag Race

Following a drag race of speeds up to 110 m.p.h., Miss Jeanette King was hospitalized and is reported in fair condition at Tallahassee Un-Memorial Hospital, yesterday.

The drag took place at the driveway which circled the school, yesterday afternoon. The other party in the race was Nonnye "Hot Rod" Babbitt.

Babbitt was scratching off out of the parking lot when King came squawling down Meridian St. in back of the school. Upon seeing Babbitt spring out of the lot Miss King floored her Buick and followed Babbitt down the South drive.

Because Babbitt had a lead on her they circled the drive once and started from a dead stop. King got off to a fast start but Babbitt soon caught her in her Roadmaster with a supercharger and duals. They were neck and neck with King on the outside when they neared the turn at the east end of the school. At this point Babbitt opened her car up and slid around the turn with the back of her car giving Miss King a bump which sent her hurtling down the forty-foot bank.

"Hot Rod" was expelled from school by Principal Stevens for not following the authorized and accepted racing rules around the school grounds. She was exceeding 90 m.p.h. on the curve, therefore King did not have a chance to get back in behind her because she slid so far.

Miss King's car was totally demolished. Funeral services for the bomb will be held at Joe Cooper's junk yard Tuesday at 9 p.m.

Recent Tragedies

JANE POWELL EXPELLED FROM HONOR SOCIETY

With a huge grin on her face Jane Powell exited from Miss Carmine's domain early this morning after having been informed of her expulsion from the Pierian Chapter of the National Honor Society.

Miss Carmine had meticulously gone over Jane's grades and found that they were among the lower 3% of Leon's senior class of 1956.

GAIL NELSON STRICKEN WITH LOCKJAW

Quiet, petite, withdrawn Gail Nelson was suddenly unable to express her occasional shy words because of an attack of lockjaw. Her fellow students mourn the loss of her soft sweet voice, but believe that it really won't make much difference because she so seldom expressed herself.

Mr. Robert Stevens has taken over the job of custodian of the smoking lounge snack bar following the fatal stabbing of Mrs. Appleyard by Oliver G. "Gwyn" Kelley.

The stabbing occurred last Friday when Mrs. Appleyard told Gwyn the cigarette machine was out of order and refused to give him a cigarette from the teachers' box.

When interviewing Gwyn the next day he stated that, "It made me mad when she wouldn't let me have no cig, so I give her the shiv."

Kelley was acquitted by a jury consisting of: E. Welch, L. Hall, B. Teston, B. Grubbs, L. Adkinson, G. Donaldson, J. Gandy, B. Taylor, B. Robinson, C. Bell, S. Calloun, and S. Stello, on the grounds that the teacher had no right to provoke the boy, and the teacher's cigarettes were paid for by the taxpayers and, Kelley might be one some day.

The lounge is located on the second floor where the study hall used to be; so as to accommodate all the patrons. This was inaugurated by Pres. Harry Arnold following his elections. Students are free to go at any time from classes to the lounge.

Stevens is a graduate of Alcatraz and was a member of the board of trustees at Sing Sing. He has had previous catering experience at Reno, New Orleans, and Las Vegas so he is well qualified for the post.

The lounge will be closed tomorrow from 1:00 to 1:01 in commemoration of the past custodian.

Stevens Given Small Gift By Faculty

At a small informal party at the Hangout in Panama City, the Leon faculty presented Mr. Robert Stevens with a 1956 gold Cadillac. Mr. Stevens, filled with deep emotion, was quite surprised. Miss Schornherst, attired in bikini, made the presentation. Other members of "the crew" stood by in utter amazement (not at the car, Miss Schornherst!!)

It was promptly suggested that the new car should be tested; so with its new driver behind the wheel, drag races were immediately organized on the beach. The car was proven to be a great success.

After the races entertainment was provided, in the form of a bop contest by couples O. D. Roberts, Hollie Carmine, Malcolm Longsdon, Josie Lewis; with Bill Barber and Eunice Johnston. The winning couple was unanimously acclaimed as Mr. Roberts and Miss Carmine.

With a hearty meal of drinks and pretzels, the party-goers began a round of singing which came to a sudden end when Roger Englett "fainted" (common term: passed out cold).

Suspensions

1. Jimmy Apthorpe — stealing the bow off Mr. Longsdon's yardstick.
2. Klein Wigginton—driving a red Nash down the bank in front of school.
3. Patricia Malloy — Pruning the May Oak during school time.
4. Susan Korst—Singing "Anchors Away" at the top of her lungs in the library.
5. Lloyd Griffith—Playing tiddley winks during Senior Math.
6. Charles Forehand — Screaming "The meeting will now come to order" during the lunch periods.
7. Nita Gomez — Spending her lunch money on "Jacks."
8. Ronnie Jackson—Imitating Marlon Brando over the P.A. system.
9. Donnie McCreary—Engineering a drag race.
10. Joye Malone—Hitting Mrs. Williams (accidentally) with baton.
11. Butch Marshall—Slamming door in Miss J. Lewis's face and disorderly conduct.
12. Lee Vause—For giving all the women false hopes.

Sklonk 'Em Once

WHEREWITH AND WITH WHICH LEON'S NUMERABLE FACULTY MEMBERS AND LOYAL LEON LENTICLES HAVE BEEN SEEN SKADLING STICKS ALONG THE BANISTERS AND DOING OTHER SUCH MISDEEDS, WE FEEL IT IS UP TO US OF THE BLACKBOARD JUMBLE STAFF TO SEE THAT IT IS BROUGHT TO THE ATTENTION OF OUR INELLECTS, THE STUDENTS. The vandalistically inclined teachers of Leon High School now need more than a reprimand! We, of the Blackboard Jumble staff suggest that all students who see teachers skadling sticks along the banisters or some similar action, sklonk the teacher on the head and if the head is not in reach, sklonk the portion of the body which is nearest you! It is action which we need more of in Leon High School.

Overhaul Needed

Our high school needs a complete over-haul. Now perhaps you think that this is strong language. But consider what we now have—we admit the few minor improvements put in have been a great help, but what we need is a complete over-haul. The steak served twice a week in the lunch room is nice, but why do we not have fried chicken, broiled lobster, and turkey the other three days in the week? Also the escalators which now take us from first to ninth floor are nice, but why don't they go on up to the top floor? Another convenience is the air-conditioning throughout the school, but why can't they give us heat, too? These are just a few of the things our school needs.

THEY DIDN'T MAKE THE GRADE

Second Flight Leonites

EARL BILLINGS Takes active part in Leon as: Mrs. Cook's chief assistant hair-picker-outer-of-fooder, furnisher of Mrs. Johnston's crying towel, and charter member of Crazy-Cat's Brew Club (endorsed by Good Housekeeping). Seen Running Around with: A beer in his hand. Favorite Saying: Censored. Described As: A worthless bum and a good-for-nothing loafer. Known at Leon for: his patented counterfeiting machine, his untelligent looks, and his readiness for a party.	MYRTIS LEONA SNOZZLEBOM Very outstanding at Leon as: President of Tickle Us on the Toes and We'll Tickle You Back Club, Secretary of Raunchy Rovers Association, and sponsor in Homecoming court—hmm, well if you insist. Known as: If you know her, you know very well we can't print this. Runs around with: All her friends. Was born: November 18, 1911 in Would-Rock-and-Roll But-it's-too-darn-cold, Alaska.

Repeat Vows

In a ceremony that was filled with pomp and color circumstance, two of Leon's long-time faculty members were married on March 27. The ceremonies were performed at the Westcott Auditorium because of the large crowd in attendance. The marriages were performed by Captain John Smith, a ship captain and a close friend of the couples.

Miss Hollie Carmine, known to one and all as "Holly," was married to Count DeBlouse Vontroux of North Hampton, England. Count Vontroux is at present living in the county jail where he is serving time for an embezzlement charge; but he was released by Sheriff Bill Joyce for this important occasion.

The bride was very resplendent in a flowing gown of white satin and a train of the sheerest and finest lace. Train bearers were Roger Englert, Jr. and Durwood Vontroux, son of the Count by a previous marriage. Flower girls, who strewed gardenias and camellias along the aisle before the couple, were Melanie Drew and Ginger Graham. Maid of Honor was Miss Mary Schornherst. Attendants were, Mrs. Kitty Sanderson, Miss Mary Woodberry, and Mrs. Mamie Eisenhower, a close friend of the Count.

In the other wedding performed, Miss Josie Lewis was wedded to Clark Gable of Hollywood, California. For Miss Lewis it is her first marriage. Mr. Gable has just recently acquired a divorce from Scarlett O'Hara of GONE WITH THE WIND fame.

The bride was dressed in white satin and a train of white lace imported from Kashmir. The lace was reputed to cost \$100 per square inch. Because of its great value, Miss Lewis carried her own train.

After the wedding a reception was held for both couples at Doak Campbell Stadium. A beautiful, twelve-tiered cake was cut by Count Vontroux and Mr. Gable, reversing the order because of their prominence.

Mrs. E. E. Johnston poured.

Note, Alum Notes

Coyle Moore Expelled from F.S.U. Special to Jumble from Florida Flambeau

Today at five-thirty, Coyle Moore, President of the Alpha Dalpha Kalpha Sigma Nigma Digma? Fraternity and President of the Student Body was expelled from this institution. A special statement from the Dean of Men was released shortly after six and is reproduced here in a shortened form.

... because of his activities after classes and because we have reason to doubt his inexplicability, we are forced to expel Moore. . . . Further, we have evidence to prove that (censored by advisor). Moore sets an example that not all honor students deserve their position on campus. His absence from the campus is expected to go un-noticed for some time since he was not very prominent anyway."

Moore was a graduate from Leon High school where he was suspected of underground activities as a member of the "Impeach Johnston Club."

Flash!— News From Samoa

NEW YE OLDE TEA SHOPPE ISLE, British Samoa, South Pacific (OP)—Here among the artificial palm trees, ex-treasurer of the Leon Hey School Pork-Barrel Mob and See-the-World-for-Free Club, Mike Oxemburger, has won the first round of somebody's battle to avoid re-impotation to the Union of Sovereign Homerooms of Leon Hello Encampment for low treason and high jinks and embezzling one-half of infinity dollars and cents from the supply counter and gossip. Officials discovered that he was a-belchin, and there 4 not incapable of being served. (The U. S. Navy has not yet discovered the whereabouts of the U. S. Battle of Fort Mudge, aircraft carrier "borrowed" by Burgenox in his flight.) Michelberg seems to be bearing up well, although the difference in climate seem to be taking their toll; he has been heard to murmur "B. R., B.R., B.R." over and over again while resting in his peacock feathered hammock.

Back in Tallahassee, Mrs. Marie Pilcher remains unconscious, and in critical condition after cutting her wrist, upon hearing the news. Unfortunately, she is expected to recover soon.

Hollywood Heckles

By LOONELLA PARSNIPS

Flash! That superb and almost forgotten tenor Mario (Ernest S.) Lanza is about to make a comeback in the B.O.O. production of "Lemonade."

Me thinks that Jerry (Joe C.) Lewis and Dean (Bob C.) Martin will be traveling to Siberia for their next comedy.

Rumors are flying that Marilyn (Myrna R.) Monroe and Rita (Gail M.) Hyaworth are fighting "tooth and nail" for the female lead in "The Hobo Who Came to Brunch."

Audry (Ann Y.) Hepburn has wired her studio and friends that she will return home from Europe (where she collected "Doodle Bugs") within a month.

20th Century Wolf Producers are worried that the recent feud between Gina (Barbara B.) Lollobrigida and Marlon (Bob W.) Brando might hold up the filming of "The Stolen Smooch."

Heard by the grapevine that Fess (Bobby S.) Parker is planning a new television series "The Hillbillian," soon.

Culpepper Takes U. of F. Tourney

GAINESVILLE, March 29 (OK?)—Blair Culpepper, graduate of Leon in 1955 and a freshman on a knitting scholarship to the University of Fla., today took all honors in the NAAU knitting contest. Blair, who served at Leon as manager of the National Champion Tiddly-Winks team, and who lettered in knitting and hair styling, won the tourney in fine style.

His overall speed was a record setting 54 stitches a minute. Blair will be welcomed back to Tallahassee next May 32, with a Culpepper day parade and a bar-b-cue in his honor.
